

Resident Insurance

Most residents recognize the importance of having insurance that protects both their apartment and personal belongings from such unexpected events as a fire, natural disaster, theft, or negligence - just to name a few.

At Riverstone Residential Group, we understand that unexpected situations do occur and want to ensure that our residents are prepared. Therefore, we require all new residents moving into one of our communities as well as all residents renewing a lease to have proof of \$50,000 liability insurance coverage and also recommend that you obtain personal property coverage as well.

We have made it very easy for you to obtain this coverage by partnering with Assurant Specialty Property, our exclusive advertiser of choice. With a quick call to the toll free number (1-866-786-1721) or visit to www.directrenterins.com, Assurant can enroll any Riverstone resident in less than five minutes and have proof of coverage emailed to the property leasing office. This way, you can move in that same day with no delays!

And for our resident's convenience, Assurant also offers an annual payment, four-payment or nine-payment plan. You may pay via credit card, checking account, money orders, etc. and all for an average of \$12 per month which is the national average for resident insurance.

Come discover how easy it is to sign up with Assurant and get the coverage you need - so that you can immediately start enjoying your new Riverstone
